

CERTIFICATE OF COMPLIANCE

FDA / USP CLASS VI

We hereby certify that the Fluoropolymer compounds; PTFE, PFA and FEP used in the manufacturing of our Heat Shrink and Extruded Fluoropolymer products are in compliance with the Food and Drug Association (FDA) Code CFR 177.2415 for food contact applications as well as being compliant to the United States Pharmacopeia Specification (USP Class VI).

Conformance is based off of resin manufacturer information and formulation analysis.

PART NUMBERS : ALL FLUOROPOLYMER PRODUCTS
