

DECLARATION: PFAS REPORTING UNDER TSCA

To whom it may concern,

Based off of information provided to Tef Cap Industries from Resin and Tubing suppliers we believe that Fluoropolymer Products manufactured by Tef Cap do not contain any of the substances listed in the EPA's Toxic Substance Control Act. This information is based off of the following info.

- Polymeric PFAS (Fluoropolymers) are NOT environmentally dispersive. Polymeric Fluoropolymers are too large to enter the blood stream and do not bio-accumulate. Polymeric PFAS also do not dissolve in water and will not biodegrade and migrate or accumulate in the environment.

☐ We hereby send you information related to the U.S. Environmental Protection Agency (EPA) and the Toxic Substances Control Act (TSCA) Section 8(a)(7); this communication applies to all products sold or otherwise placed on the market by **Tef Cap Industries** prior to the signature date of this declaration.

OR, ☐ We hereby send you information related to the U.S. Environmental Protection Agency (EPA) and the Toxic Substances Control Act (TSCA) Section 8(a)(7); this communication applies to all products sold or otherwise provided to customers prior to the signature date of this declaration.

If no products contain any of the reportable PFAS chemicals, this option must be selected:

☒ Checking this box certifies that none of the products manufactured by Tef Cap contain any of the reportable substances.

OR,

if any products contain any reportable PFAS chemicals, this table must be completed:

More information is available from [the EPA's TSCA PFAS webpage](#).

Product(s)	Substance Name or CAS Number	Concentration (%)	Where in the product is the substance found?
